Tuesday, December 15th, 2020

Dear St. Augustine Families,

This notice is to inform you of a possible primary building school closure tomorrow, Wednesday, December 16, 2020. The sewer has backed up in the primary building causing washrooms and water to be out of service. We are currently working on having this repaired, however are unsure at this time if the situation will be rectified before school is set to start tomorrow morning.

A decision to close school for students in the primary building (preschool to grade 4) for the day, Wednesday, December 16 will be made by 7:00am tomorrow morning. Please check our website, social media and your email for a final decision. We thank you for your understanding and apologize for any inconvenience this may cause.

Sincerely,

Kari Davidson
Acting Principal
