Dear Parents/Guardians,

We are in the planning stages of the K-6 swimming program. The Ponoka Aquaplex will be able to offer lessons to our students based on the Swim for Life program by the Lifesaving Society. Due to various scheduling challenges, sessions will take place for your child at some point between March 16 - June 23. Your child’s teacher will communicate with you the actual dates and times of the sessions once the schedules are finalized.

The swimming fees have been reduced to \$35.50 and can be paid via SchoolCash. Options exist for families that will face financial hardship because of school fees. Call the school office to discuss and/or to make payment arrangements. Swim fees are due by March 9th.

The instructors will be assessing each student at the start of the lessons to ensure they are placed in the appropriate ability group. We do not need to collect lesson level information for your child for this year.

Thank you

L. Gratton
