Dear Guidance Counsellor:

RE: Calumet Synergy Association Scholarship Excellence Award

The Calumet Synergy Association (CSA) would like to award three eligible students beginning post-secondary studies with one of the three CSA Scholarship Excellence Awards to recognize each selected student and to emphasize the importance of supporting their contributions to our area.

The Calumet Synergy Association was formed as a true multi-stakeholder organization to address energy development in the greater Calumet area. The group includes local landowners, industry, local government and regulatory services. The Mission of the CSA is: "To constructively share information and knowledge relating to existing and proposed energy development, and communicate with area stakeholders in an open, honest and cooperative manner." Our Vision is to have: "A positive relationship between the community and the energy industry by way of open and honest exchange of information." - taken from the CSA's Best Management Practices on Synergy Alberta.

The CSA requests that you would inform your students of these scholarships that are available to all interested students living within the greater Calumet Synergy area. See the enclosed criteria sheet and application form. We are aware that an eligible student may be attending a high school outside of the Calumet area but resides within the designated boundaries. (See the map on the criteria sheet).

Please advise all interested students to either mail a hard copy or to scan and email their application and all required documentation to Leanne Walton, liaison contact for the Calumet Synergy Association Scholarship Award Committee.

Sincerely,
Leanne N Walton
