RE: November 29th: Transportation of Students

Dear Parents/Guardians,

As you are aware, Wolf Creek School Division is unable to bus St. Augustine and Father Lacombe students on November 29, 2024. As a result, parents were consulted via survey with two options:

1. Keep the November 29th as a school operational day and parents would be responsible for transporting their children to school, or
2. Change November 29th from a school operational day for students to a professional development day for staff only and no school for students.

After receiving 202 survey responses, the results were as follows:

Option 1 (Students Attend with Parent Provided Transportation): 68 Votes in favour or 33.66%

Option 2 (Change November 29th to a PD Day and Students Do NOT attend): 134 Votes in favour or 66.34%

As a result, the Board will be amending the school calendar for St. Augustine and Father Lacombe Schools at it's August Board meeting.

Thank you to those parents and families who participated in the survey. Have a great summer!

Sincerely,

Charlie Bouchard
Superintendent
